

Step 1

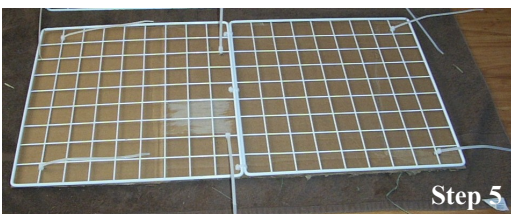

Step 2

Step 3

Step 4

Step 5

Basic “NIC Condo”

Step 1:

One box of panels from Target, some cable ties & something to trim them with.

Step 2:

Connect four panels to make a square. Repeat to form the sides & top (remember to leave a door!)

Step 3:

Tighten the ties & trim the ends.

Step 4:

Connect the sides & top (remembering to leave the door(s) free.)

Step 5: (optional)

Make a two panel shelf, attaching something solid—like cardboard—to prevent the bun’s feet from slipping through.

Step 6: (optional)

Install shelf.

Step 7:

Tighten all ties & trim the ends. Cut ties to make door(s) if necessary.

Step 8:

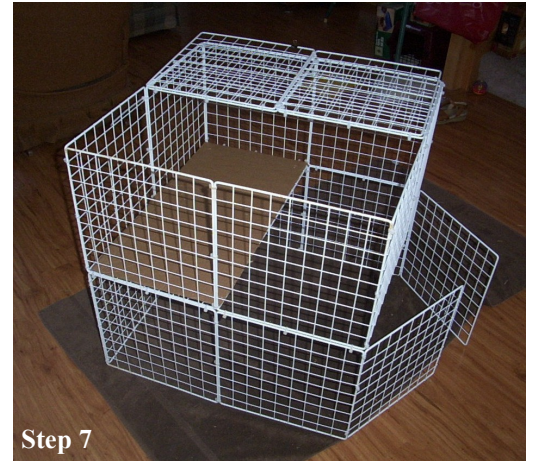

Put down flooring for cage—cardboard, a vinyl scrap, etc—and set condo on flooring.

Step 9:

Furnish with bunny necessities—litterbox, water bottle, food dish, toys, etc and let the bun investigate his new home!
